**ABOUT JON PARDI:** Since first hitting the country landscape, singer/songwriter/producer Jon Pardi has long separated himself from the pack, carving a lane that was all his own by producing, writing, and singing songs he created from the melodies up, and earning praise for it. “Jon Pardi cut a path through modern country’s embrace of pop, hip-hop and EDM” (New York Times) with “an emboldened work... a distilling of his sound into a more potent form that draws both vitality and assurance from his anything-but-sterile relationship to his tradition’s modern era” (NPR). Pardi is “a leader among a growing number of artists bringing back fiddle, steel and twang” (People) and “even when he’s singing sad songs, he wants people to have a good time” (Associated Press). Pardi’s critically acclaimed most recent album MR. SATURDAY NIGHT proved he has “blazed his own trail over the past decade” (Billboard) and followed his critically acclaimed 2019 album - HEARTACHE MEDICATION - a CMA and ACM Album of the Year nominated project that was also named as one of Rolling Stone’s “Best Album of the Year” and Los Angeles Times’ (Top 10) “Best Albums of the Year” upon release. His breakthrough Platinum-selling album, CALIFORNIA SUNRISE, which featured the multi-Platinum, chart-topping hits “Dirt On My Boots,” “Head Over Boots,” “Heartache On The Dance Floor” and “Night Shift.” Pardi has earned several No. Ones on country radio and is noted for his “long-lasting mark on the genre” (Music Row) and his impressive ability to carve out his own path creating “the kind of country music multiple generations came to know, and love can still work on a mass scale” (Variety). Filled with fiddle, twang and steel guitar, Pardi continues to “apply new ideas to country’s old sounds” (Los Angeles Times) and “bring authenticity back into Country music” (People). Pardi’s brand new “Friday Night Heartbreaker” is the lead single from his upcoming fifth studio album, anticipated for release in 2025.
